

# SHREYAS BANDEKAR

Web and Software Developer with a solid understanding of HTML, CSS, Tailwind CSS, JavaScript, and basic DSA. Passionate about building responsive and efficient solutions. Seeking opportunities to grow in a dynamic development environment and contribute to impactful projects.

## Work Experience

### Prodigy Infotech, Web Developer

April 2024 - May 2024

- Developed and designed responsive web pages using HTML, CSS, Tailwind CSS, and JavaScript.
- Gained hands-on experience in modern web development frameworks and best coding practices.

## Relevant Projects

### QR Code Generator

- Developed a QR Code Generator web application using HTML, Tailwind CSS, and JavaScript, allowing users to input text or URLs and generate corresponding QR codes in real-time using a third-party API.

### Bank Management System

- Developed a simple Bank Management System in C++ to manage user accounts, including features like account creation, deposits, and viewing account details. Utilized file handling to store and update account information in a text file, allowing for persistent data management across sessions.

### To-Do App

A responsive and interactive to-do list app developed using HTML, CSS, and JavaScript. Features include task addition, deletion, and local storage to persist tasks across page refreshes.

## Educational Background

### Diploma In Computer Engineering (Pursuing)

Vidyalankar Polytechnic

Aug 2023 - 2026

- Specialization in Computer Engineering.

### SSC 10TH Grade -85% (Completed)

My Mother English School

2022 - Aug 2023

## Contact

Diva, Thane, Maharashtra
